2. It will be seen from the above that in all the Municipalities the estimated expenditure is limited to the income anticipated.

3. The receipts are estimated at Rupees 19,072, adding to which Rupees 10,993 the probable balance on the 31st March 1879, the total assets will come up to Rupees 30,065 against Rupees 25,562 sanctioned for 1878-79.

4. The expenditure is put down at Rupees 18,903 or Rupees 3,080 less than that sanctioned for 1878-79.

5. The reason for the decrease of Rupees 6,490 under "receipts" and Rupees 3,080 under "disbursements" has not been explained by the Deputy Commissioner, but the latter may be presumed to be to bring the expenditure within the limits of current income. The figures given may be safely adopted, as the income and expenditure have been estimated, rather under than above the mark.

6. It has been proposed to expend

Rupees 2,108 on 4 original works in the Shimoga, Rs. 198 on 1 work in the Chikanpur, Rupees 200 on 1 work in the Sagar and Rs. 300 on 2 works in the Thirthalli Municipalities. The Estimates should have been submitted for these works as required under the rules.

7. The Budget Estimates with the Deputy Commrs letter No 107 of the 12th Instant will be forwarded to the Deputy Accountant General.

The Commissioner

Nagar Division

Sir,

With reference to your docket No 99. dated 5th Inst. calling for a report on the Municipal Budget for 1879-80. I have the honor to state as follows:-

Receipts. 2. In the Shemoga town, a revision of the house tax has been proposed & will be carried out during the year as the rates are very unequal and seem to have been fixed on no fixed principle An increase of about Rs. 500 from the house tax may therefore be expected this year.

3 The receipts of the other Municipalities are estimated according to the past actuals and call for no remark.

Expenditure 4. In the Shemoga town a sum of Rs. 2108 is proposed to be expended on 11 Pregunal works consisting of V. shaped drains and other

other Miscellaneous improvements which have all received the approval of the Board and the Commissioner

5 The only original works proposed in the other Municipalities are -

1 Constructing a latrine near the Hoochrayana tank at Shikarpur. Rs. 198.
2 Steps to the Varda river at Sagar 100
3 V drains at Tirthalli ——— 200.
4 Steps to the river at. ditto ——— 100.

Under the head Collection and Head Office at Shemoga a saving of Rs 397 may be effected by the abolition of the office of Mohtarfa Mutsuddi and the reduction of the Taluk Cumashtas pay. As soon as the District Office clerk can be provided for elsewhere, a further reduction will be effected by abolishing the appointment, and granting an allowance of Rs 10, to another official to do the work as was proposed by the Board and already sanctioned by the Commissioner

6. Under the head Police a sum of Rs. 3758 is provided against Rs 3358 in 1878-79. being an increase of Rs. 400, which

required for the payment of gratuities to superannuated Police An addition of 1 Cart driver and 3 Latrine Scavengers are provided for under Conservancy which is indispensable.

7 In accordance with Major Ellis's annexed remarks in his letter No. 370 dated 22nd July 1878, provision has been made for wheel barrows for the Shikarpur town instead of Carts and bullocks "The auditor of Shikarpur would effect savings by dispensing with the 3 Carts and 3 pairs of bullocks the feed of which costs of Rs 120 a year and by introducing 9 wheel barrows to be managed by 9 Sweepers. He considers that wheel barrows are quite sufficient for small towns the places where the Sweepings are deposited not being very far off. As there are now 6 Sweepers and 3 drivers the saving by dispensing with 2 of them would be Rs. 120 a year, - the total saving being Rs. 240. A trial might be given to his plan".

The

The other items call for no remark.

2 The head quarter Municipality of Shimoga which maintains the Police will

be separately noticed
3 Of the other minor
Municipalities of this
district, the Receipts consist
of Octroi House Tax, Ground
Collections and Miscellaneous
items. The Octroi is properly
levied on a few articles only
viz, Tobacco, Betel leaves &
Cloth, and in the Municipalities of Sagar, Surabad
Shirthahally a fair income
is also derived from Oil.
Arecanuts are taxed only
in Nandy and Shikarpur,
and there is a very small
receipt from Jaggery and
Sugar in Shirthahally which
it may be expedient to
give up. The Octroi Collections
in Shikarpur appear to be
very small having regard
to the comparatively large
size of the town, and
may be usefully investigated.
4 No Collection Charges
are incurred in any
of these Municipalities.
The Expenditure is confined
almost entirely to
Conservancy Charges which
consist of the usual Establishment
of Sweepers, ~~[illegible]~~ Sweepers.
~~[illegible]~~ intended by a Municipality
and poor in each Municipality;

The seven minor Municipalities

and

one of these two may well be dispensed with. The Substitution of Wheel barrows for carts where the Graveyards have not to be removed to any distance, is likely to prove advantageous and is approved. A few original Works costing small Sums are provided for where a Surplus is Expected in Current Income. These are approved.

5. The Expenditure in each Municipality is properly restricted to its annual Income. But except in Shimoga, there are considerable Cash balances which may with advantage be expended in the construction of useful Works, reserving only such portions of them as may be required to meet current Expenditure, until the Collections of the year become available

1 The octroi is levied on cloth, Tobacco & Betel, the receipts from which are considerable, and also on Sheep and goats, oil, jaggery, Sugar, Cocoanuts, Arecanuts and Metals. The octroi on cocoanuts, arecanuts and Metals may be abolished as the collections especially on the two latter articles are quite insignificant. There are

also

also large receipts from the tax on Professions & Trades and also from House Tax. The Dy Commr proposes to revise the latter in the current year in view to equalizing the incidence of the tax from which he expects an increase of Rs 500 in the Collections.

6 Under the head of expenditure, the collection charges are moderate, and the Head Office charges have also been properly reduced. The main portion of the expenditure is incurred on account of the Police and Conservancy. In the former an increase of Rs 4000 is provided on account of gratuities. It is desirable that the Police charges should not be permitted to absorb an undue portion of the Municipal receipts, thereby diminishing the available surplus for necessary improvements. The Conservancy charges generally would not seem to admit

of any reduction They comprise however, ₨ 528 the cost of guards for 25 convicts employed for sweeping the town, on whose account ₨ 150 are also provided for lamp oil &c under the head of Miscellaneous The employment of Convicts on Such works is on Several grounds open to objection, and it should be resorted to only where there is a Scarcity of other labor, or where the arrangement is financially highly advantageous. A regular establishment of Sweepers equal to at least half the number of the convicts could, it is believed be employed for the Same cost as is incurred for the mere Supervision of convict labor, but it is hoped that the Sweepers' Establishment already maintained may be found Sufficient for all purposes.

9 Under the head Miscellaneous' are included ₨ 70 on account

account of the feeding of Conservancy Cattle & other items which need: Especially swell the amount of provision under this head These items should be transferred to their proper heads.

11 The provision for Lighting consists of Rs 260 for oil, wicks & repairs of ~~Lamps~~ Lamps, and Rs 120 the cost of two Lamp-lighters. The number of lights is not given. The cost of the main items to bear an undue proportion to the whole charge under the head.

11 The surplus available for Original works amounts only to Rs 2,108 and it is proposed to be expended on the construction of Drains, Urinals, Gutters & minor works which are approved The nature of the 16 door-ways to the Lanes in the Brahmin Street proposed to be constructed to give ~~Lanes~~ Exp. [illegible]

the provision for the Repairs of Roads, Police Buildings, &c, amounting to $3589 is also Sanctioned.

" The Commissioner Observes that the aggregate Estimated Receipts for all the Municipalities show a decrease of $6490 & that the Estimated Expenditure is less by $3080 as compared with the previous year. The latter is chiefly due to the smaller amount of Original Works proposed to be undertaken in the Shuniah Municipality in proportion to the extent of available Funds. The Supposed decrease in Receipts results from the Commissioner erroneously mixing up the Cash balances with the Receipts rather than an increase in Shuniah and no material fluctuations in the other Municipalities.

7. The octroi is levied on cloth, tobacco and betel, the receipts from which are considerable, and also on sheep and goats, oil, jaggory, sugar, cocoanuts, arecanuts and metals. The octroi on cocoanuts, arecanuts and metals may be abolished, as the collections especially on the two latter articles are quite insignificant. There are also large receipts from the tax on professions and trades and also from house tax. The Deputy Commissioner proposes to revise the latter in the current year in view to equalizing the incidence of the tax from which he expects an increase of Rs. 500 in the collections.

8. Under the head of expenditure, the collection charges are moderate, and the head office charges have also been properly reduced. The main portion of the expenditure is incurred on account of the Police and conservancy. In the former an increase of Rs. 400 is provided on account of gratuities. It is desirable that the Police charges should not be permitted to absorb an undue portion of the municipal receipts, thereby diminishing the available surplus for necessary improvements. The conservancy charges generally would not seem to admit of any reduction. They comprise, however, Rs. 528, the cost of guards for 25 convicts employed for sweeping the town, on whose account Rs. 150 are also provided for lamp oil, &c., under the head of miscellaneous. The employment of convicts on such works is on several grounds open to objection, and it should be resorted to only where there is a scarcity of other labor, or where the arrangement is financially highly advantageous. A regular establishment of sweepers equal to at least half the number of the convicts could, it is believed, be employed for the same cost as is incurred for the mere supervision of convict labor; but it is hoped that the sweepers' establishment already maintained may be found sufficient for all purposes.

9. Under the head "Miscellaneous" are included Rs. 800 on account of the feeding of conservancy cattle and other items which needlessly swell the amount of provision under this head. These items should be transferred to their proper heads.

10. The provision for lighting consists of I. 260 for oil, wicks and repairs of lamps, and Rs. 120, the cost of two lamp-lighters. The number of lights is not given. The cost of the men seems to bear an unde proportion to the whole charge under the head.

11. The surplus available for original work amounts only to Rs. 2,108, and is proposed to be expended on the construction of drns, urinals and other minor works which are approved. The nature of the 16 dooways to the lanes in the Brahman Street proposed to be constructed requires explaation. The provision for the repairs of roads, Police buildings, &c., amounting to Rs. 589 is also sanctioned.

12. The Commissioner observes that the agregate estimated receipts for all the municipalities shew a decrease of Rs. 6,490, nd that the estimated expenditure is less by Rs. 3,080 as compared with the previous year. The latter is chiefly due to the smaller amount of original works proposed o be undertaken in the Shimoga Municipality in proportion to the extent of available funds. The supposed decrease in receipts results from the Commissioner erroneusly mixing up the cash balances with them. The receipts rather shew an increasn Shimoga and no material fluctuations in the other municipalities.

13. Subject to the foregoing remarks, the bdgets under notice are sanctioned.

The Revenue Secretary to the
Chief Commissioner of Mysore

Sir,

I have the honor to submit for the Chief Commissioner's consideration and orders, copy of letter No. 45 dated 24th Ultimo and its enclosure from the Deputy Commissioner reporting on the several points adverted to by the Chief Commissioner in his Proceedings No. 1670-75/92 of 31st July last.

2. The duty levied on Jaggery and Sugar at Tirthalli may be abolished, as suggested in para 3 of the Chief Commissioner's Order

and advocated by the Deputy Commissioner, after the close of the current official year.

3. The Deputy Commissioner is in favour of introducing the use of wheelbarrows into the outlying Municipal towns as more economical than carts and bullocks. The cost will be provided in the Budget Estimate for 1880-81 and sanction is requested to the sum of Rs. 500 being meanwhile advanced from the available balance of Municipal funds.

4. With regard to the proposed reduction in establishment I concur with the Deputy Commissioner in considering that

the services of the peons on the smaller Municipal establishment might be dispensed with. I doubt the expediency of abolishing the post of Municipal Inspectors in most cases.

5. With reference to para 3 of the Deputy Commissioner's letter, I may remark that the proposals made by the Shimoga Town Municipal Board for revising the present duty on tobacco, were submitted recently with the proceedings of the Board, and the President was thereupon desired to make a separate reference on the subject by letter. This has not been as yet done. I am not at all sanguine that the reduction of the duty from Rs. 1/4 annas 12 per maund will tend to repress the smuggling of the article

88

in to the town. In Bangalore where a smuggling in tobacco is carried on by similar means, the Presi= dent first proposed that the Sayer rate should be raised so as to equalise it with the Octroi. I am not aware what action has since been taken in the matter, but if the Municipal Board here are willing to lower the Octroi experimentally, with the same ob= =ject, I see no objection to their recommendation being complied with =

I have the honor to be,
Sir,

Desp. 26 do

From

The Deputy Commissioner
Shimoga District

To

The Commissioner
Nagar Division

Sir,

With reference to your docket No 358 dated 15th Ultimo, giving cover to the Chief Commrs Circ: No 1676-75 dated 31st July last, I have the honor to submit the following report on the points alluded to.

I. The advisability of giving up the octroi on Jaggory and Sugar in Tirthalli was considered by the Municipal Board of that town. It is proposed by that body that a duty should be substituted on cocoanuts and Supari, at one anna per Rupee of the value and at 1 anna per maund respectively. But cocoanuts are largely imported from South

Canara and distributed into the interior via Tirthalli, similarly it is the centre where the greater portion of the Supari grown in the Taluk is collected and whence it is eventually exported to Bellary and other places. The town being small, the quantity actually consumed therein is not considerable and a tax on such commodities which are more passed into the interior than consumed within the Municipality cannot fail to react injuriously on the imports, and will revive in another shape the abolished transit duties.

I am therefore not in favor of the proposition put forward by the Board and recommend the duty on Jaggery and Sugar to be abolished from the 1st April 1880. the Budget for 1879-80 having already been sanctioned.

4. As regards the reduction of the conservancy establishment in the petty Municipalities and the substitution of wheelbarrows for carts, they to submit a list shewing

the present establishments in the several Taluk Municipalities of this District. There is no cart at Tirthalli now, the sweepings being removed on head by the sweepers themselves. At Shikarpur the cart drivers have already been abolished and orders issued for the introduction of wheel barrows as sanctioned in the Budget. The Boards of the other smaller Municipalities excepting Chennagiri are of opinion that wheelbarrows may be advantageously substituted for carts, provided the following additions in the Establishments are made.

| Town | Present | | | | Proposed | | |
|---|---|---|---|---|---|---|---|
| | Peon | Cart drivers | Sweepers | No of carts | Peon | Sweepers | No of wheel barrows required. |
| Hanuti | 1 at Rs 6 | 1 at Rs 5 | 6 at Rs 4 | 1 | 1 at Rs 5 | 6 at Rs 4 | 5 |
| Honnali | 1 at Rs 6 | 1 at Rs 5 | 4 at Rs 4 | 1 | 1 at Rs 5 | 5 at Rs 4 | 5 |
| Sorab | 1 at Rs 6 | 2 at Rs 5 | 4 at Rs 4 | 1 | 1 at Rs 6 | 6 at Rs 6 | 3 |
| Sagar | 1 at Rs 6 | 2 at Rs 5 | 6 at Rs 5 | 2 | 2 at Rs 6 | 8 at Rs 5 | 4 |

On the other hand, the Chennagiri Board is of opinion that with the 2 carts now existing the sweepings removed daily average from 6 to 8 carts and that vehicular-

will not answer as much time and labor will be lost not only by the smaller capacity of the hand carts, but also by the necessity to take them beyond the town to be emptied an inconvenient number of times.

I am of opinion that a trial may be given to wheel barrows in all the outlying Municipalities of this District from the Commencement of the next official year. In the meantime an advance of Rs 500 may be sanctioned from the available balance of Municipal Funds to get 25 wheel barrows prepared in the Jail and distributed as noted in the margin, the advance to be adjusted by providing for the cost in the Budget for 1880-1.

Chennapa Nayak — Hornali — Sorab — Sagar — Thirthalli.

-) With the exception of the Amildar of Sagar all the other Amildars are unanimously of opinion that the services of the Nuisances cannot be dispensed with. The Sagar Amildar's objection

objection seems to apply more to the present incumbent than the office itself. The duties performed by the Muteadies are (1) the collection of the Municipal house tax and keeping accounts thereof; (2) assisting the Sazer servants in the collection of the Octroi duties; (3) Superintending the sweepers and the execution of works in the Municipalities (4) preparing the monthly returns, bills, and correspondence; &c. Although the collection of Octroi may be left entirely to the Sazer servants, much work of a clerical nature remains to be done besides what should be done by Menial servants. The regular Taluk establishments on the reduced strength about to be introduced will not be available for the special local work imposed by Municipal requirements, and as between the Peon and Muteaddi, economy can be secured by the abolition of the former post. I have

therefore ordered in accordance with para 4 of the Chief Comm's Proceedings that the peons should be removed from the 1st proximo, thereby effecting a saving of Rs 45 a month. From 1st April 1880 when wheel barrows shall have been supplied, the cart drivers can be abolished. The establishments will if sanctioned, be remodelled from that date, as proposed in the accom. pamping statement.

4th With reference to para 7 of the Chief Comm's Pro: I have the honor to submit an extract from the Proceedings of the Municipal Board at Shimoga, dated 28th Ultimo, regarding the proposed abolition of octroi on cocoanuts arecanuts and metals in this Town, and I need hardly say that the resolution of the Board on the point has my entire concurrence.

Extract from the Proceedings of the Municipal Board at Mangalore, dated 28th August 1879.

× × × ×

In reply to the Commissioner's enquiry the Board beg to state that the duties on Supari and Metals may be remitted; but that it would be a needless sacrifice of revenue to exempt cocanuts dry and green. The tax is not felt at all, and might yield at least three times as much if exclusive smuggling is not carried on. The commodity is taken from the cocoanut growing Taluks to the frontier near Honnali, and no tax is paid on it. The name of the owner is then changed when it is brought back as imported from H. Bi territory and is therefore exempt. If however a good watch is retained, and all the outlets of the town be carefully guarded by sayer peons, the realization from the tax would in the opinion of the Board quadruple in a very short time.

The Board take this opportunity of ventilating their opinion on another subject in connection with their Octroi revenue - At present the rate on tobacco is Rs 1/- besides a sayer duty of 12 annas a maund; (exclusive of local cess) and it is a significant fact that inspite of this heavy rate the revenue from this source has for the last 3 years remained nearly stationary as per margin, while the Board believe from the personal knowledge of many of the members that there has been no diminution in the quantity of the article imported. The difference in the duty represents in some measure the amount of smuggling that is carried on - The traders in tobacco store it in the surrounding villages, which though beyond the Municipal limits are close enough to elude the vigilance of the sayer servants, and bring it in in small quantities or sell it on the spot.

The Board therefore venture to suggest that the duties on staple be reduced to one half ℔ (8 annas a Maund) whereby they anticipate a rise in the revenue by people dealing in it- far less surreptitiously -
